## MAJOR PUBLIC DISPLAYS: SCHEDULE & FUTURE BOOKINGS

### Display themes

Theme 1: *Universal Income for a Sustainable Future*: This core theme describes and illustrates the concept of universal income as an expression of existing laws on economic rights and sustainability.

Theme 2: *World of Universal Income*: This theme demonstrates how the concept of universal income has been recognised and/or implemented to varying degrees throughout the world throughout human history.

New electronic presentation (2015): *Exploring the World of Universal Income*. This defines what universal income systems are and then expands further on Theme 2. It also works as a standalone for venues with limited space.
